PROFESSIONAL EXPERIENCE

Nationwide Mutual Insurance, Columbus, OH

July 2017 – Present

Lead Security Monitoring (*June 2022 – Present*)

- Initial incident commander for medicals, evacuations, and other emergencies for Nationwide's Columbus and Grandview Heights campuses. Leads a small team of officers in the security control room.
- Monitors 70 fire system accounts in Ohio and 60 burglary system accounts nationwide.
- Ensures UL compliance on multiple servers running SQL databases and virtual printers.
- Coordinates training for monthly server failover on the servers that house the monitoring software for Nationwide's large claims and trial offices across the country. This includes familiarization with UL Solutions.
- Coordinates training on alarm response software Millennium Monitoring from Micro Key Solutions, and Remote Link from DMP. This includes fire response and burglary response training.
- Collaborates with Nationwide Realty Investors to provide services for their various properties around Columbus & Grandview Heights. This includes fire response, lockouts for apartment residents, theft reports, and property damage reports.

Corporate Security Officer (*July 2017 – June 2022*)

- Oversaw officer training for new officers on the evening shift. This included training in medical emergencies.
- Oversaw alarm response and dispatch training for officers that worked in the security control room.
- Conducted audits of various building equipment such as standpipes, to ensure functionality in an emergency.
- Organized the data and information flowing into the control room via spreadsheets and several sharepoint sites.
